For those within reach of CBC Radio (and who have already bagged the fox), there s a program tonight that might hold some interest for QRP enthusiasts.

Ideas, on CBC Radio 2, at 9.05 p.m. in this area and probably in most areas of Canada, is scheduled to feature Jill Tarter, the astronomer who was the model for the main character in the movie Contact. She ll talk about the aims and observations of the ongoing search for extraterrestrial intelligence.

The CBC listings also mention a web site:
www.seti-inst.edu/phoenix/description.html
